Hi Mr. Jones,

I ordered the above referenced test several weeks ago, and have found that it's impossible to administer, because it lacks the necessary stimulus pictures. I searched your website and found in the Q&A that there is supposed to be a download link for them, that I never received. I asked that question in the Q&A section and did not receive an answer. And I e-mailed with this same question and didn't receive a reply. So, it's been several weeks and I have several clients I could be assessing, but haven't been able to. Please advise.

Thank you,
Ann Kulichik

Hello,

I recently purchased the assessment for interoception awareness but there are no pictures to administer the assessment of self-regulation for the client to view. Could you please tell me where I can find the pictures that accompany this assessment?

Thank you,

Good afternoon,

Our admin assistant ordered some materials for me in October (see below) that were meant to have pictures included. On your website it says that the pictures are sent as an attachment after ordering www.aapcautismbooks.com/produ...118704 however we didn't receive this follow up email. Is it possible to re-send it? Or send them directly to me at this address?

Thank-you for your help,

Hi Britney,

Thank you for your purchase. AAPC publishing is the company that publishes and sells the assessment. I wonder if they forgot to send you the pictures. Sorry for the inconvenience. If you email them at:

Good morning,

I ordered some materials from your site in September after taking one of your online courses, and finally had a chance to look them over during the holiday break. I realized that I somehow ordered the assessment forms but not the assessment itself, so I went back to your website today to try to find and order the assessment and I cannot find it. Do you have a direct link?

Thank-you for your help,

~Britney

Incomplete order received

Hello,

On 1/7/21 I ordered the Interoception Assessment, described on the website as the protocol packets plus the 18 pictures needed to complete the assessment (AAPC Publishing order #3499). It was delivered on 1/12/21. I took a quick look at the contents and put it aside until this weekend, when I was preparing for an evaluation and realized that the envelope only contains the protocol packets, not the 18 pictures that should have been there. I emailed AAPC late yesterday (Monday 1/25) and left a message on a forwarded number today and a follow up email as well, with no response (phone or email).

Are you able to help me get the pictures I need to use your assessment tool?

Best regards,

Carolyn Driscoll

To: **Mahler, Kelly** | info@kelly-mahler.com

Good morning.

A while back our agency purchased the assessment protocols for Kelly's Interception program. We did not receive the 18 black and white cards that are to go along with the tool. I am wondering what my next steps are to get a copy of these cards? Thank you!

Our agency name is Central Rivers AEA and the order was placed on or near 10/2/2020. Thank you for your attention to this matter.

Hello,

I placed an order for the assessment forms and received them today. I received 11 assessment forms but did not receive the black and white picture cards or a down load link to the pictures. Is there something I missed or how can I find these pictures and is there directions in the assessment form for administration of this.

Thank you ,

Hi,

I ordered the 10 pack of assessment forms, but it didn't come with the pictures that it describes in the assessment. How do I access these. I will say that it took me forever to get these from the publisher. Not sure if it's a mistake on their end...

Interoception assessment pictures

Message

Ms. Mahler,

My name is Nicole Ayers and I am an occupational therapist. I recently purchased "The Comprehensive Assessment For Interoceptive Awareness" assessment forms from AAPC Publishing. The pictures were supposed to be included as a digital download, but I was never provided the digital download information or link from AAPC Publishing. The company also charged me for priority 3-day shipping and I did not receive the package until 12 days later.

I have tried multiple times to contact the company about this. If this was something my name was attached to, I would want to know. I am also hoping I can buy the cards elsewhere since the assessment is only partially usable without the cards.

Please let me know if the pictures can be purchased separately from a different source.

Respectfully,

Nicole Ayers, OTR/L
